THE 6TH ASIA-PACIFIC BIOENERGY SUMMIT

DATE: AUG. 15TH-16TH, 2019
VENUE: GRAND ROYAL HOTEL, GUANGZHOU, CHINA

CONCURRENTLY HELD WITH
THE 8TH ASIA-PACIFIC BIOMASS ENERGY EXHIBITION (APBE 2019)

www.apbechina.com
ABOUT THE SUMMIT

Empowering the industry with insights and opportunities, the Summit occupies a front-row position in the biomass business.

Calling together global like-mind insiders working on the frontiers of bio-energy, this high-end international event has so far recorded attendance from over 30 countries and regions, including China, Hong Kong, Taiwan, Austria, Malaysia, India, UK, USA, Singapore, New Zealand, Russia, Romania, and etc.

It is a messenger delivering up-to-the-minute global market trends and policies to worldwide insiders, but at the same time a matchmaker introducing to you valuable business contacts from across the globe!
REVIEW OF THE 2018 EDITION

2 Days
36 Eminent Speakers
600+ Delegates

97% attendees recognized the event as a key knowledge sharing platform;
98% attendees thought the event was more successful than the 2017 edition;
94% attendees considered to join the conference again in the future;
95% attendees would recommend the conference to others.

Mr. Brian made an excellent speech which impressed me a lot! I’m appreciated that I have learned so much from it. Thank you Mr. Brian!

A must-attend event for insiders! Several my co-workers, including senior executives, engineers and technicians, attended the summit. It gave us a deeper understanding on the global market and industry, which is going to greatly benefit our company’s further development.

Li Luxin, Chief Engineer of Lvtan Group
Liu Maosheng, President of PYNEO
Global Trends and New Technologies

- Brian Cox, Executive Director of Bioenergy Association of New Zealand (BANZ)
- Michael Sew, Secretary-general of Malaysia Biomass Industries Confederation (MBIC)
- Zoya Zimnitskaya, Vice President of International Biofuel Association
- JOHN GUARCO, Technical Director of ZEECO Group
- Hans Sanzenbacher, Executive Director of Polytechnik Deutschland GmbH & General Manager of Polytechnik New Energy Technology (China) Co., Ltd.

Chinese Market Trends and New Technologies

- Zhou Jianbin, Professor & Dean of Department of New Energy Science and Engineering of Nanjing Forestry University
- Hong Hao, Vice-president of World Bioenergy Association (WBA)
- Li Shizhong, Professor and Deputy Director of Nuclear Research and New Energy Institute of Tsinghua University
- Tan Zhaohui, Deputy General Manager of Jiangsu KINGWOOD Industrial Co., Ltd.
- Liang Nianxi, Deputy General Manager of Anhui Dingliang Bioenergy Technology Development Co., Ltd.

Chinese Industry Regulations and Policies

- Dou Kejun, Bioenergy Policy Researcher of Industry Coordination Development of China National Renewable Energy Centre
- Cheng Xu, Former Head of Department of Science & Technology, the Ministry of Agriculture of the People's Republic of China
- Dong Renjie, Professor of China Agricultural University & Director of Bioenergy and Environment Science & Technology Laboratory
To maintain the highest level of professionalism, this year we are going to invite our speakers from, but not limited to, the following authoritative organizations, which happen to be our staunch supporters as well:

**Overseas Trade Associations**
- World Bioenergy Association (WBA)
- International Biofuel Association (IBA)
- Malaysia Biomass Industries Confederation (MBIC)
- The Waste Management and Recycling Association of Singapore (WMRAS)
- New Zealand Bioenergy Association (BANZ)
- Renewable Energy Center of Department for International Trade
- Indian Biogas Association (IBA)

**Chinese Government Agencies & Trade Associations**
- Forest Bioenergy Office of Afforestation and Greening Management Department of SFA
- State Forestry Planning and Design Institute of Forest Products Industry
- Chinese Academy of Agricultural Engineering
- China Biogas Society
- Specialized Committee of Biomass Energy, China New Energy Chamber of Commerce
- Biomass Energy Division, China Association for the Promotion of Industrial Development
- Energy Development Research Center of IAC (The Investment Association of China)
- Specialized Committee of Biomass Energy, Guangdong Energy Conservation Association (GDEC)
- Anhui Comprehensive Straws Utilization Association

**Universities**
- Tsinghua University
- Peking University
- China Agricultural University
- East China University of Science and Technology
- South China University of Technology
- South China Agricultural University
- Shandong University
- Nanjing Forestry University

**Outstanding Enterprises**
- POLYTECHNIK
- ROSHT
- Lving Energy
- Kingwood
- Yulong Machine
- National Energy Group
- Qiquan Group
- Everbright Greentech
- Great Resources
- Holz Clean Energy
- Juneng Boiler
- Zhengchang Group
- Shuangfeng Boiler
- Dizhonghai Boiler
- Hongxin Machinery
- Leipudun
...
To help our attendees succeed in the game, the Summit is going to touch on subjects pertinent and relevant in today’s marketplace. Here are partial selected topics:

**Morning, Aug. 15th: Main Forum**
- Status Quo and Outlook of Global Biomass Energy Industry
- China’s Biomass Energy Policy, Industry Standards, Status Quo and Outlook
- Biomass Molding Fuel and Environmental Protection in China
- Agriculture and Forestry Biomass Power Generation and Waste-to-energy Market in China
- China Bio-natural Gas Policies and Massive-scale Production and Application
- Biodiesel Entering Petrochemical Sales Channel
- Utilization and Development of China’s and Global Forestry Biomass Resources
- Industrial Application of Biomass Gasification Technology
- Case Analysis: Biomass Cogeneration and Polygeneration
- Global Development of Gasification Based Biomass Co-firing Technology

**Afternoon, Aug. 15th: Waste to Energy Power Generation (Sub-Forum)**
- Collection, Storage and Transportation of Agriculture and Forestry Biomass
- Collection and Disposal of Urban Landscaping and Gardening Wastes
- Agriculture and Forestry Biomass Power Generation Market in China
- Urban Wastes Disposal and Waste-to-energy Power Plants Projects
- Waste-to-energy Generation Technology and Environmental Sanitation Market
- Smart Operation and Management and Safety Issues of Waste-to-energy Power Plants
- Problems and Solutions for Dust Removal and Ash Conveying System in Biomass Power Plants
- Denitration Technology in Flue Gas Cleaning Process for Waste-to-energy Power Plants
The event is very professional, but is certainly not dull. The day-long conference will be interspersed with tea breaks, business cards exchange, Q&A sessions, outstanding enterprises displays, media interviews and etc, creating enough networking opportunities for everyone! Besides, attendees of the summit are free to attend the 8th Asia-Pacific Biomass Energy Exhibition (APBE 2019)!

**Registration Fee**

- **Speaker Opportunity: USD 2800/30 mins**
  - One page free color ad on APBE 2019 exhibitor catalogue;
  - Three seats reserved at the conference (speaker included);
  - Company listed as sponsor with logo on the conference’s background.

- **Audience Registration: USD 500/per person**
  - One seat reserved at the 8th APBE Anniversary Dinner on the 16th;
  - Conference materials (speaker PPT, APBE 2019 exhibitor catalogue, brochure on latest Chinese policies);
  - 2 lunch buffets;
  - Free to attend APBE 2019;
  - Company profile included in the APBE 2019 exhibitor catalogue, first come first served.

*Speakers/Attendees are responsible for their own accommodation and travel costs!*
