IEMA ENVIRONMENTAL SUSTAINABILITY SKILLS

ONLINE COURSE DESCRIPTION

IEMA - FOUNDATION CERTIFICATE IN ENVIRONMENTAL MANAGEMENT (3 DAYS)

- 18 sessions covering a wide range of environmental, sustainability and governance principles.
- Provide learners in understanding the full-scope of the sustainability agenda, required management tools and skills needed when working within this area.

IEMA - SUSTAINABILITY COURSE FOR MANAGERS (2 DAYS)

- Builds on the knowledge from the Workforce course — drilling down into the detail to give managers and supervisors the tools to implement their broadened knowledge and skills.
- Ideal for team leaders and managers who want to oversee organizational improvements.

IEMA - SUSTAINABILITY SKILLS FOR THE WORKFORCE (1 DAY)

- Helps teams to get a grip on the basics, giving a fundamental awareness of environment and sustainability issues.
- Ideal for members of the team who work at an operational level.
